CatchDetails

Ajacent to the imploded pen.

we were halfway between Cypress and Guemes.

secret harbor

Not caught by me but a fisherman did at Seacrest Pier and was verified.

Secret Harbor, Cypress island

Secret Harbor, Cypress island

East side of cypress across of the net pens

You guys should have told us the fist minute this happened. I would have caught thousands.

Fish active and jumping near shore. Also noticed several near shore at Washington Boat Ramp

Northeast side of Sinclair island, casting off beach

Lummi rocks

Found dead while birding on Sandy Point. Pic available

in close to shore on the west shore of Doe Bay

Would love to know if they are still schooled up in the bay as I'm planning to fish for them Sunday.

Lots of salmon jumping in beach between shorewood and doebay. Near eelgrass at about 6' deep water.

Behind the broken fish pen

behind the broken fish pen

Many fish seen jumping in the shallow water in the same bay as the fish pens.

I observed 6 carcasses at the Lowell boat launch.

Slip point - east of Clallam Bay

Fishing in strait for coho.... got them on herring.

Eagle Bluff, plus a couple in Doe Bay. Tight to shore.

500ft of water straight out from the Breakwater restaurant.

Sea crest Pier

Shore-side of the fish pens in Secret Cove

N48 17.206. W124 13.086

Caught on the Samish River (816) about 4 1/2 miles from the mouth.
bite went cold at deepwater. found them along guemes.
Behind the ruptured pen

Slip point

Eagle Bay, shallow water, against shoreline.

Eagle harbor, shallow water against shoreline. Large spoons, smallest 8 lbs, largest 15 lbs. Ave 12
fished only from the beach

Eagle harbor, Cyprus Island

Started to observe fish jumping om 8/22 at Buoy Bay, Orcas Island. When the news report of the Atlan
Shore fishing

550 foot of water off sekiu point, 30 feet down bit on a flasher and spoon.
Watched a seal kill 2 in the Blakely Marina at 8:30 last night.

Fishing with son and a friend near net pen site
Fishing with son near net pen site

Fish continue to hug the beach in large schools. They seem to prefer staying in the sheltered bays.
These were caught as bycatch for a State and Federally permitted beach seine operation with Kwiaht.
Additional from bycatch from juvenile chinook diet study with Kwiaht.org

N. shore Secret Harbor. Fish were jumping all along north shore. Not many being caught.
Caught about 9:30AM. Fish was about 12 pounds

Right in front of pens.

West side of guemes island

The section of Doe Bay about 750 feet to the West of Doe Bay Resort is holding a few hundred fish.

Seal eating 10 to 12 lb Atlantic near breakwaters

The small schooling salmon would only take small balls of Powerbait on light tackle, 6# test

Caught while trolling for silvers out of Sekiu.

Right next to the shoreline next to the cages.

Fishing from shore on Legoe bay

Just north of eagle harbor along the shores where other boats anchor down for the night.

14 was the total from myself, my two sons, and my wife. We caught 13 thurs and 1 fri before leaving.

Caught fish and saw fish caught all up and down the beach at Indian Village.

shore near pens

Caught in shallow water 8-25 ft

FYI, there was nothing in the stomachs except a corn looking substance

In an area just between the broken pen and the pen still intact. In about 20-40 feet of water.

Between the two pens in 20-40 feet of water

Between the two pens in 20-40 feet of water

These were still inside of Secret Harbor.

Very Shallow water-5 feet. Small bay off Willis Lane

shishalh Nation Foodfishery in area 16-21- Sabine Channel, Canadian Waters.

Caught while trollinh

I didn't catch the Atlantic salmon, but did find one dead in the creek at Indian Island County Park.

550ft deep, fishing 35 ft. down

I was fishing from shore at Salsbury Park. There were others around me who caught Atlantic salmon.

Pillar point

Samish River

off Sekiu Point

Lummi Island DNR site, ten fish schooling during low tide. 1 buck killed.

Anchored in 20' water with swift tide. Caught on purple splatter plastic mini squid.

1/3 by snag 2/3 bit
